That Considering the present Circumstances of the Town of Wrentham and of those that inhabit within the Bounds of the Precinct Proposed, More especially the Unwillingness of one Half of the Families that are there Settled, as yet to engage in So great an Affair We cannot think it Convenient at present that there Should be a Precinct made in the Town of Wrentham, Not but that the Township in our Opinion is full large Enough in Time to afford a Second Precinct or Parrish and it may be hoped in a few Years when the Western and Remote Parts of the Town are Settled with a Competent Number of Families capable and Willing, (at least a good Majority of them) to Support the Ministry, It may then be proper and Advisable to make a Precinct, the Bounds whereof to be Settled either by Agreement among themselves, or as this Court Shall Order So always as not to Streighten the Town too much, And yet to Set of a Sufficient Part of the Township for a Precinct; All which is humbly Submitted by.

THE COMMITTEE appointed by the Great and General Court in their Sessions begun and held in November last to bring forward a Settlement and admit one Hundred persons therein on a Tract of Land lying on Merrimack River at a Place there known by y^e Name of Pennicook and having given Sufficient Notice to any Persons that were ready and would engage in the Settlement, To meet the Committee at Haverhill the first Week in February last The Committee at that Time and Place admitted One Hundred Persons or Grantees into the Said Tract or Grant, Giving Preference to the Petitioners that appeared to us most Suitable therefore. & in May last we proceeded to the Place in Order to lay out y^e whole Township, And the Lotts directed in the Order of the General Court beginning at the Mouth of Contoocook River, where that joyns Merrimack River, and thence ran a Line East 17 Degrees North three Miles And upon a Course West 17 Degrees South four Miles And So at Right Angles from the Extreame of Each of y^e Aforesaid Lines Seven Miles Southerly Each, and thence from the Termination of the Seven Miles which compleats the Grant and is according thereto, And upon View and Strict Survey of the Lands on the East Side of Merrimack, we find that there is little or no Water, The Land near the River extreame Mountainous and almost Impassible And very unfit for and uncapable of Receiving Fifty Families as the Court has ordered, more especially considering That near y^e Centre of the Town on y^e East Side of the River Merrimack, The Hon^{ble} Sam^l Sewall Esq^r has a Farm of Five Hundred Acres of Good Land formerly granted by this Court and laid out to Governour Endicott, The Committee therefore with Submission to the Hon^{ble} General Court thought it advisable and Accordingly have laid out one Hundred & Three Lotts of Land for Settlements on the West Side contiguous to each other regularly and in a Defensible Manner, as by the Platt of them and of the whole Grant (Which is hereby presented) will appear, And inasmuch as the Generality of the Land answers not the Grantees Expectations and five Hundred Acres laid out as afores^d Humbly offer, That the like Number of unappropriated Lands adjacent to y^e Township may be made to the Settlers as an Equivalent therefor.

Read and

Ordered that this Report be so far Accepted as that the Settlers or Grantees be and hereby are Impowered and Allowed to make their Settlements on the Westⁿ Side of the River Merrimack, according as is proposed in the Said Report, and projected in and by Said Plan, the former Order of this Court Notwithstanding, and the Said Committee are directed to proceed Accordingly. THE COMMITTEE appointed to examine the Accompts & other Papers given in by the Committee for Turkey Hills, having attended that Affair and seen & examined the Persons that they found necessary to be examined upon Oath, together with the Papers in order to a full Understanding of the same, Are of Opinion That the Committee for the two new Towns at Turkey Hills in transferring Lots without Order or Leave from the General Court, as also in granting Persons new Lots in Exchange for those they first drew exceeded their Power, given them by Order of the Court, & tended to obstruct the Settlement of the said new Towns.

That on the Account of the Transfers aforesaid there were given or paid to the Committee by the Grantees (sometimes to the Use of the whole Committee, at other times to the Use of the Major Part) unreasonable & excessive sums of Money ; & that they have never given the Propriety Credit in any of their Accompts therefor : But inas much as the Gentlemen of the said Comm^{tee} do not appear to have been equally concerned in all the Transactions relating to the Settlement of the said new Towns, We find it necessary to distinguish them in the following Manner ; viz,

It appears to us, that in making the several Transfers for Lots (for which there was received by their own Acknowledgem^t near One hundred & fifty Pounds) the whole Committee did allow thereof, & direct

the Price of Twenty shillings therefor; But we do not find that Coll. Tailor or Coll. Thaxter were present at the Receipt of such Moneys saving at one or two Meetings.

It further appears that in granting new Lots to Persons in Exchange for those they first drew, there was received of the Grantees (sometimes by one of the Committee & sometimes by an other) considerable sums of Money before any Service was done; Which seemed to be rather by way of Gratuity for Favours to be done in the said Exchanges than as Wages for the Service it self; but it doth not appear to us, that Coll. Tailor or Coll. Thaxter were concerned in such Exchanges; That the said Committees declaring the Forfeiture of several Lots & selling them at discretion for large sums of Money was beyond their Power, & what therefore they cannot regularly do without the further & special Direction of the General Court: That the Committees Accompts of Money; received & paid be within six months made up and adjusted, & the Money paid in to the Treasurer of the Province:

That the South Town be vested with the Powers & Privileges which other Towns have & do by Law enjoy, & that those Grantees whose¹ Lots are yet unsettled, & shall neglect to settle the same for the space of twelve months shall be liable to have their Lots disposed of by the Town to other Persons that shall appear to settle the same: That the North Town Grantees assemble them selves as soon as may be, & chuse a Committee to proceed in the further Settlement of the said Town & report their Choice to this Court at their next Session for their Approbation & further Direction.

That the whole Charge of the Committee in Attendance on the General Court, drawing their Accompts & other Expences ought not to be born by the two Towns, & that their Accompts be reformed accordingly: That the whole Cost & Charges of the Attendance of Witnesses summoned by Order of the General Court shall be paid by Francis Fulham Esq^r & Mess^{rs} Benjamin Whittamore & John Shipley out of the sums they have received for Transfers & Exchanges: That the several Bonds taken by the Committee of the Grantees of the forfeited Lots be lodged with the Secretary, to be by him delivered up to several Obligors who executed the same; & that the said Committee have Credit given them in their Books of Accompts for the said Bonds accordingly: By Order of the Comm^{tee}

Pursuant to the several Orders & Directions of the Hon^{ble} Court the Trustees met with the Petitioners at Hassanamisco March 18. 1727, & having perused as well the Draught of a Deed prepared by the Petitioners to be signed by the Indians (with the Savings & Reservations therein contained,) as also the Draughts of two several Bonds or Obligations to be signed by each Purchaser (with good & sufficient Sureties,) viz, one to oblige each Purchaser to settle his Lot, bear & pay his Part towards the Settlement & Support of the Minister & School master &c, and the other for Payment of the Principal sum of the Purchase Consideration with the Interest at the Expiration of one year; The said Instruments comprehending (in our humble Opinion) the Mind of the Hon^{ble} Court, being duly executed; And the English Purchasers having proceeded to lay out Lands there for a first Division; viz, Eighty Acres of Upland & eight Acres of Meadow to each English & Indian Proprietor. We have taken a diligent View & Observation of the several Divisions of Lands & Meadows (as shewn by the Purchasers) & are of Opinion that the Indians Dividends are (Agreeable to the Directions of the Hon^{ble} Court) equal with those of the English; Which we hope will more fully appear when the Plans thereof are perfected. We further represent to this Hon^{ble} Court, That soon after the Signing of the Deed Moses Printer (one of the Indian Proprietors) died, & likewise his Squaw, leaving four small Children, And upon inquiring into the Circumstances of that Family, We find that, besides a Gun & some small things, there is an Obligation of £120 Conditioned for the Payment of £60 to the said Moses his Heirs &c, on Septem^r 29th next; Which Bond is in Keeping of one of the grown Daughters of the Deceased; And further that in our humble Opinion, the further Instructions of the Hon^{ble} Court respecting the Conduct of the Indians the Improvem^t of their Lands & Meadows & Prevention of Wast & Sroy¹ both of their Improvem^{ts} & also of their Timber & Removal of any such Persons who do or may come to cohabit with the Indians or shelter themselves on their Lands, might be greatly to their Advantage. All which is humbly submitted.

ORDER CONFIRMING LANDS TO JOSIAH KINGSBURY.

Legislative Records of the Council, xlv., 248.

House Journal, p. 31 (August, 1728); pp. 13, 14.

A PETITION of Josiah Kingsberry of Needham, Shewing that in running the Western Boundary of his Farm (being a Grant from this Governor¹) he fell short of the Quantity of Land originally granted by the Mistake of the Surveyour, three or four Acres; And foras much as there is a Piece of rough Land belonging to the Province lying on each side of Sacco Brook as it runs into Chaubaugungamug Pond, which is situated very commodiously for the Petitioner^r & if added to his Farm would make it of a regular Figure, Praying that the same may be granted to him for a valuable Consideration subducting an Equivalent for the Loss of Measure as above expressed.

In the House of Represent^{ees} Aug. 15. 1728; Read &

Ordered that this Petition be refer'd to the next Session; [of this Court]² And that in the mean time Major Chandler be desired & empowered at the Charge of the Petitioner, to repair to the Lands he petitions to purchase, that he carefully view & survey the same & that he report his Opinion what may be the Value thereof as well as what Allowance may be proper for the Court to make as an Equiva-

¹ The Governor appears to have given "his orders" as desired; that is, he consented. The House Journal, p. 35, July 10, 1729, reads, "Capt. Thomas Smith and Mr. John Stackpole were admitted into the House, and were heard on the Matters and Things complained of by said Smith against the said Stackpole, they being Summon'd to attend the Court, by an Order of the 2d. Current." &c.

lent for the Petitioners short Measure of the original Grant of his Farm on the Westerly Bounds thereof.

Pursuant to an Order of the Hon^{ble} House of Represent^{ves} of the 15th of August 1728, I have viewed the Land petitioned for by M^r Josiah Kingsberry of Needham (as will fully appear by his Petition read on said Day, Reference thereunto being had) & find that there is cut off from the original Survey of his Land as set forth in his Petition, about three Acres, On the same stands a Saw Mill; the Conveniency of which was a great Inducement to carry the Bounds of the Farm so far Westward; The Fall where the Mill stands is noted with the Figure **J**, The Land taken off is described by the Line a, b, c, d; & the dark Line a, d, The Land petitioned for is figured by the prick'd Line e, f, The Pond f, g, & the dark Line g, e. The whole included in said Lines contains 23 A 2 R 22 P; Near one half of which is an unpassable Bog lying on a dead Brook running into said Pond; so that I account there may be twelve Acres of Land & not worth more than Six Pounds; the Lands taken off on the Westerly Side or Bounds is by far the best qualified¹ Land, & worth at least Three Pounds, having no regard to the Mill Place; And if from those Words in the Order, viz, (as well as what may be proper for the Court to make as an Equivalent for the Petitioners short Measure in his original Grant of his Farm on the Westerly Bounds thereof) any regard shall be had to the Fall or Mill Place, my Opinion is The whole of the twelve Acres is not a sufficient Equivalent, Althô the Province should pay for the viewing & surveying thereof. At the desire of the said Kingsberry I have drawn the prick'd Line h. i, from one of the old Bounds of his Farm to the Pond, which takes in five Acres of the Province Land, & would be of service to the Petition^r when ever he should fence on that Part of his Farm. The Land is mean & may be worth Thirty shillings; All which is submitted, By your Honours obedient Servant
JOHN CHANDLER.

Read & Accepted, &

Voted that the Lands contained within the strait Line by continuing the Petitioners East Bounds to the Pond & also the Land contained within the pricked Line on the the¹ South side of the Petitioners Farm, & extending to the Pond as the same is delineated & described in the within Plan be & hereby is confirmed to the said Josiah Kingsberry his Heirs & Assigns as an Equivalent for the Lands taken off from the Westerly Bounds of his Farm, He paying the sum of Four Pounds ten shillings into the publick Treasury, & satisfying the Charge of taking the Survey. In Obedience to the above Order the Committee repaired to the Town of Kittery & have taken a full & careful View of the Town in the several Parts thereof, & have heard the Pleas & Allegations of all Parties concerned in the Petition both for & against it, & find that the Petitioners without so much as applying to or advising with the said Town or either of the two Precincts of which it consists for their Consent or Allowance for placing the new Meeting house on the Land where it stands have erected the same & are finishing of it. The Committee are of Opinion that the two Meeting Houses, which are conveniently placed are sufficient to hold all the Inhabitants of the Town; And if in Process of time the People should become more numerous, & the present unimproved Lands inhabited, that the House built by the Petitioners is so situated that by no means will render it accommodable for the Inhabitants which may settle thereafter; & after mature & deliberate Consideration thereon, The Committee are of Opinion that the Petition be dismiss'd: All which is humbly submitted,

CHAPTER 40.

ORDER ACCEPTING THE REPORT OF THE COMMITTEE ON THE LINE BETWEEN BROOKFIELD & LEICESTER AND SETTLLING THE SAME.

WE John Chandler, Benjamin Prescot & John Gun a Committee appointed by the Great & General Court the fourth of January 1727, to repair to the Towns of Brookfield & Leicester to make Inquiry as to the Divisional Line between the said Towns & hear the Pleas & Allegations of the Parties, examine the Records respecting the same & make Report &c, Have in Obedience thereto attended that Service; seasonable Notice having been given to the Selectmen of said Towns of our Coming; And being on that Service the thirtieth of the last Month, we spent four days there, one of them in waiting for the Selectmen of Leicester; who came not to the Line till Evening, It being foul Weather; And on Tuesday the first Currant we fully heard the respective Pleas, & examined the several Records relating to the said Line; We found it necessary to run & measure the same: We began at the North east Corner claimed by Brookfield, which is a Pine Tree anciently marked, & proceeded thence by a Line running South by the Compass; which was the intended Course of the West Line of Leicester; Altho Brookfield Gentlemen informed us the Day before, that their Line was run by Cpt. Dwight Anno 1719 two Degrees to the Eastward of the South; Which South Course brought us forty Perch to the Eastward of Brookfield Claim where the Road crosses said Line; & the strict distance we ran out by Chain men under Oath was four miles three quarters & forty Perch: In this Line we found no Monuments. On Thursday Morning we went to the South east Corner claimed by Brookfield, & found their ancient Corner said to be made by Cpt. Hawley Anno 1701; but their present Corner made by Cpt: Dwight Anno 1719, is thirty eight perch further South; We took that Line which was easily found having been made very plain, & the Monuments very near each other, & was run with great Exactness: The Course we found to be North two Degrees East; The strict measure was made out from Brookfield the present South east Corner to the Road abovesaid, we found to be just three miles & an half; And at the Termination of the said three miles & half, being the Place where Nathaniel Wood has built & improved, Leicester Claim extends precisely twenty two perch more to the West; Which Claim of Leicester manifestly appears to have been occasioned by a Misinformation given of the East Bounds of Brookfield, given to the Committee & Survey^r of Leicester by some of Brookfield Inhabitants, when the Lines of Leicester were protracted Anno 1715; We continued the Course of Cpt. Dwights Line to the Northward of s^d Road, & found Monuments as before; Which without any Doubt to us came out right at the North east Corner; Which Corner is also claimed as a Corner by Leicester, Rutland & the Proprietors of Brantree Grant, & is said to be also made by Cpt. Hawley Anno 1701; We were assisted in the Service of running the Line by Cpt. Wil-

Upon the whole, The Committee are humbly of Opinion, That the Line run by Cpt. Timothy Dwight from a Pine Tree, as well the ancient reputed North East Corner of Brookfield Township, as a Corner to Leicester, Rutland & Brantree Grant, & extends by the Compass South two Degrees West, altho twenty two Perch more Easterly at the Road afore said than Leicester Bonnds were reputed to be, ought to be fixed & settled for the Line of Division between the said two Towns; but that Nathaniel Wood his Heirs & Assigns shall for ever have hold & enjoy the West part of his said Lot, altho laid out by the Proprietors of Leicester; which does not exceed the Quantity of seventeen Acres; & which the Select men of Brookfield seem willing to allow, the said Line of Division between the said two Towns notwithstanding: All which is humbly submitted

WHEREAS his Excellency the Governour at his first meeting of the General Court, after his Arrival here, (being the ninth of Septem^r last) acquainted them, That his most gracious Majesty out of a tender care for all his Subjects, had directed him to propose to the General Assembly of this province & that of New Hampshire a method by his Majesty prescribed for the amicable adjustm^t of a long & unhappy Controversy respecting the Boundaries of the provinces w^{ch} he had communicated to that Government, And they express^d to him their readiness to bring the Affair to a Friendly Issue; This Court taking the same into due Consideration, & being sincerely desirous & willing that the Dispute might be adjusted in the Way & Method pointed out by His Majesty speedily Agreed upon a Scheme or Projection for Effecting the same, which when laid before the General Assembly of New Hampshire in Decem^r last, they would not conform thereto, but pass^d an Act empowering Commiss^{rs} to determine & put an End to these disputes provided this Governm^t would pass an Act of the same kind, W^{ch} Act of theirs being laid before this Court at their Session in the afores^d Month of Decem^r was deemed in Several respects insufficient, & for want of some provisos, It was apprehended the Commiss^{rs} would not be Sufficiently Authorized & Impowered so justly to fix & determine the Boundary Line; To prevent therefore any such Inconvenience & that no more Controversys might ever hereafter arise touching y^e Bounds of the provinces, This Court at their Session in Febr^y last pass^d an Act fully empowering Commiss^{rs} to Determine the afores^d Bounds, & made provision in Several Instances as well as Authorized the Commiss^{rs} to Order Equivalents, if by them Adjudged requisite, W^{ch} provision for Equivalents their General Assembly took no notice of. This Act or Law was to remain firm & Stable forev^r provided they would come into an Act like to it in Substance, which that Governm^t did not think fit to do, when the same was by them considered at a Session of the General Assembly on the Seventh of May last, but came into a Vote or Order appointing a Commit^{tee} to meet & confer with a Commit^{tee} from this Court at Newbury on the 22^d of June last pass^d, if this Court see meet to Choose one in Order to agree upon a Draught of a Bill that might

¹ both Governm^{ts} directing both Commit^{tees} to make their respective Reports with all convenient Speed, that so the Controversy might be ended if possible by the first of November then next coming; And this Court being at their present Session advised of the proceedings of the Governm^t of New Hampshire, from a just regard to the lasting peace & Tranquility of the provinces & to Avoid all further disquietudes, & to prevent a needless Expence of

considerable Sums of Money in repeating Law Suits on this Head, & that His Majesty's Subjects whose Lands border on the controverted Line might live in Ease And Quiet as others the Inhabitants of each province. They on the second of June last raised a Commit^{tee} to meet a Commit^{tee} of theirs at Newbury on the 22^d of Said Month, if this Court's Sitting should not prevent them, but if so, seasonable Notice was to be given to the New Hampshire Commit^{tee} & the time when they could meet them: On the 15 of the 5^d Month this Court continuing to Sit, A Letter was express'd by a Messenger to their Commit^{tee} advising them that the Court's sitting would forbid the Commit^{tee} from hence meeting on the Day prefixed, as likewise that they should be further Notified in Season when this Govern^{ment}'s Comm^{tee} would meet them, W^{ch} was done by another Express of the 21 June, Wherein it was proposed to meet them at Newbury on the 13 of July following; This Court being now further advised that the House of Representatives for the province of New Hampshire in General Assembly convened on the first Instant came into a Vote or Order first, declaring w^t that Court had done respecting the boundary Line at their Session in May afores^d & that their Committee had not heard whether this Govern^{ment} had proceeded to Choose a Committee or not, but by private Letters were Informed the Committee would not meet them (tho' both Expresses of the 15 & 21 of June reached the Hands of their Committee seasonably & were read in their Assembly.) They also make mention of a Letter from his Excellency to the president of their Council which was then before them desiring the House to pass a Vote to enable A Committee of that Province to meet at Newbury on the afores^d 13 of this Instant with a Direction to have the General Court prorogued to Septem^r next, Altho' at the same Time His Excellency the Governour wrote to the Secretary of that province on the 21 of June, in which Letter is the following Paragraph. "This Assembly being still like to sit some Time the Commit^{tee} here cannot meet the New Hampshire Committee about the Line till the 13 prox^{imi}¹ of w^{ch} the Gentlemen here write to You by the Post, I have therefore wrote y^e president that your Assembly must sit the first of next month, & vote to meet this Committee according to Time" And allowing that their Committee were not strictly speaking sufficiently notified of this Govern^{ment}'s proceeding on this Head, Yet will any one presume or Insinuate that their General Assembly were not well & seasonably advised even by publick Letters from their Governour to the president of their Council & Secretary of the province as above, Both which they had the full knowledge? That Assembly go on Saying "By w^{ch} delays the Settlement of the Line cannot be finished this Fall & that such a procedure is contrary to the Interest of that Government & the Intent of His Majesty's Instructions, that therefore the House did not think it for the Interest of the province to choose a Committee but to come into some other method & represent the Matter to the Court of Great Britain & shew how Far that province had proceeded & Endeavoured a peaceable Settlement of s^d Lines" And pray'd his Honour the Leint: Gover^r & the Board would come into the same, w^{ch} the Council the day following Non concur'd & Reviv'd the Vote appointing a Committee W^{ch} the Assembly Non concur'd & Adher'd to their former Vote; Now in as much as this Court humbly Apprehend That His Majesty's good & gracious design so wisely calculated for the peace & Tranquility of both provinces, would be entirely prevented, if either this or the Govern^{ment} of New Hampshire should defeat a Compromisem^t of this Affair so much to be desired, by such pretences & Excuses as are advanced by the Assembly of New Hampshire, For that House had

all the Assurance, the Situation of publick Affairs here would Admitt of That nothing but the General Court's continuing to sit would retard the Committ^{ee} from hence meeting at Newbury, W^{ch} will doubtless sufficiently plead for & Justify their Non Attendance at that Time; Duty to His Majesty & the^r Countrys Interest requiring their Attendance here, Especially if it be Considered what Short Space of Time it was further refer'd to, as also the only Season of the Year for doing such Business at so great a Distance, And likewise the Month of Novem^r was as soon as they possibly expected the Affair to be ended.

To the End therefore that it manifestly may appear that as this Court from their being first appriz'd of his Majesty's gracious & good Intent which when well Effectuated, were well satisfy'd would Advance y^e Interest & Growth of both provinces, So they still remain of the same Belief, & purpose what in them lies strenuously to Endeavour that the Resolutions heretofore taken for bringing that Matter to a happy Close might not be frustrated, Not in any measure moved or Excited heretofore¹ an Apprehension that the Govern^r of New Hampshire can Represent the Matter to the Court of Great Britain in prejudice to this province, by shewing forth any Delays on the part of this Government, Attending the whole of the Business, Altho' the Assembly there adjudged that Method advisable for them to pursue Do therefore

Order & Impower Edmund Quiney William Dudley Elisha Cook & Benj^a Lynde Esq^{rs} M^r Sam^l Wells, M^r Elisha Bysby & M^r Edward Shove (or a major part of them) to be a Committee in behalf of this Governm^t to meet a Committee from the Governm^t of New Hampshire at Newbury some Time in the Month of Septem^r next as the Committee shall agree, then & there to confer one with another respecting settling the boundrys between the provinces & agree upon the Draught of a Law (if so they can) w^{ch} both Governm^{ts} may come into for the full & final Settlement of the Line in peace, And that it be a Direction to the Committee on the Behalf of this province that provision be made in such a Bill, That all such Lands or Towns Which Either Governm^t are in possession or Improvem^t of by Vertue of any ancient Grants be reserved to the Several Governm^{ts} both as to Jurisdiction & property & that said Towns be particularly Enumerated in s^d Bill; And that such Equivalent may be given or received respecting property as the Commiss^{rs} who shall be Impowered to determine the boundary Line, shall Judge reasonable.

ORDER ON M^r PRICE'S MEMORIAL IN REGARD TO TAXATION OF EPISCOPALIANS FOR SUPPORT OF CONGREGATIONAL CHURCHES.

A MEMORIAL of Roger Price Commissary of y^e Episcopal Churches in New England, Shewing that whereas His Excellency was pleased in his Speech to both Houses deliver'd at the beginning of this Session to recommend to them, the making good Protestants of all Denominations among us easy in their Way & manner of worshipping God (if they may be thought conscientiously to differ from y^e establish'd Churches in this Country,¹ & did particularly mention the Quakers as a virtuous inoffensive people & good Members of the Common Wealth, & well Attach'd to his Majesty, & his Royal House, & move that some Law might be pass'd for their Ease & Quiet, upon which Recommendation of His Excellency, a Comm^{tee} of the House of Represent^{ves} is appointed (as the Memorialist is informed) to prepare a Bill for the Ease of the people called Ana Baptists & Quakers, & for as much as the Memorial^t conceives, that those of the Church of England deserve the same good Character w^{ch} His Excellency has Given to the Quakers, Therefore praying that this Court would take their Case into Consideration, & provide for their being exempted from paying Taxes for the Support of the presbyterian & Congregational Ministers. Ordered that Paul Dudley Jonathan Remington & Ezekiel Lewis Esq^{rs} with such as the Hon^{ble} House of Represent^{ves} shall Join be a Comm^{tee} to Consider of this Memorial, & make Report what they Judge proper for this Court to do thereon In the House of Represent^{ves} Read & Concur'd, And M^r Wells, M^r Lynde Major Brattle & Cap^t Goddard are join'd in the Affair.

The Comm^{tee} appointed to Consider of the Memorial of Roger Price Clerk & Commissary of the Episcopal Churches in New England & to report what they Judged proper for this Court to do therein, are humbly of Opinion, That if the design of the Memorial be wholly to exempt the Members of the Church of England in all parts of this Province, altho' they live never so remote from an Episcopal Church from paying any Tax or Charge to the Minister of the Town or Precinct where they dwell the Granting the prayer thereof would be highly unreasonable because such of them as live at a great Distance must either stay at Home on the Lord's Day, & attend on no publick Worship, which the Committee would hope they dare not allow themselves in, or else they must generally or for the greatest part of the Year, Attend on the Ministry established in the Churches of New England, In which Case by all Laws, Divine & humane they ought to Contribute towards the Support of such Minister, Nor will such persons attending three or four Times in a Year at a Church of England much alter the matter.

¹ The parenthesis should, it seems, end here.

A { As to such of the Inhabitants of this province who live within five miles of a Church of England that may be situate in any of the neighbouring Provinces or Colonies, the Committee are of Opinion that tho' according to the Letter of the Law of this province made in the 1st Year of His present Majesty's Reign, Entitled An Act in Addition to the Several Acts for the Settlement & Support of ministers, they are not exempted from Paying to the Support of the Minister of the place where they Dwell, Yet they fall within the reason thereof & therefore ought to have the same Relief.¹

In Answer to the Argument made use of in the Memorial drawn from a Paragraph of His Excellency's Speech to this Court in the beginning of the present Session in favour of the Quakers the Comm^{tee} apprehend the Case of the Quakers to be vastly different from that of the Members of the Church of England, in that the former not only make a Scruple of Conscience of Attending the publick Worship of God in any of the Protestant reformed Churches, but solemnly & expressly Declare against maintaining any Gospel Ministry or Preacher whatsoever, whereas the Members of the Church of England agreeable to their own principle avowedly declare it their indispensable Duty to have & maintain a Gospel Ministry & those of that persuasion inhabiting this Province that live remote from an Episcopal Church usually Attend on the Ministry of the Churches of New England, nor do any of them alledge any Scruple of Conscience to the Contrary, so that there may be some reason to Exempt the Quakers from Supporting a Ministry they neither can nor will hear from a Principle of Conscience as they Alledge, there cannot be the like reason to Exempt all such as Declare themselves of the Church of England, who live at such a Distance from such a Church as that without breaking in upon the Sabbath Day they must for the most part attend divine Service as performed in the Churches of this Country or else live in the Neglect of the publick Worship of God, It is hard to Say what the Memorialist intends by enforcing his Petition from the Laws of England unless he had mentioned some Acts or Statutes in particular, As to the Clause in the Royal Charter granting Liberty of Conscience in the Worship of God to all Christians inhabiting or residing in this province except Papists; It is well known that the Members of the Church of England inhabiting this province, tho they Dissent from the Churches settled & Established in New England, have the Same free & full Liberty of their Conscience in the publick Worship of God as those of the presbyterian or Congregational Churches, & have moreover an additional priviledge granted them of late. viz^t That tho they live in a Town or Precinct where there is no Episcopal Minister, Yet if it be within five Miles of a Church of England & they usually attend there, they & their Estates are Exempted from paying any Charges to the Minister of such Town or Precinct, Upon the whole the Comm^{tee} are of Opinion that y^e Memorialist has no reason to Complain of any hardships done to the Members of the Church of England inhabiting this Province. All which is humbly Submitted by

¹ A mistake, it seems, perhaps for July. The date (June 7) is according to Mass. Archives; according to both copies of Legislative Records of the Council the date is April 26, 1733, but this last-mentioned date is apparently that of the Governor's consent. There is a confusion of dates in most of the records of this matter, none of which appear to be originals. One record (Mass. Archives, cxv., 767) states that the Governor's consent was on April 26, 1732. According to the House Journal the House of Representatives passed the order and sent it up for concurrence on June 30, 1732.
